ATS 360E Automatic Transmission Exchanger & Dipstick Service with Flow Meter

Part # **ATS-FI-1**

New feature for all Kenvo transmission flush machines.

Models ATS 300,320E,330E,340E,360E

The fluid injector bottle provides an efficient way to inject cleaners and conditioners into automatic transmissions that are sealed and have no dip-stick options. The canister can be added to any model of transmission flush machine.

New or older models.
