

DFX 410 Differential Fluid Service

KENVO TECHNOLOGY INC.

Features:

- Fast and effective fluid exchange
- 2 New fluid tanks, 1 Used fluid tank
- Shop air only
- Compact size

Scan me

Benefits:

- Designed to service differential cases, manual transmissions and 4 wheel drive transfer cases.
- Works on shop air only, therefore there are no pumps or moving parts to break down or clog up.
- The exchange process is extremely fast taking only a few minutes to accomplish.
- Has two new 8 qt./lit fluid tanks making it very versatile for using different fluids.
