ATS 340E Automatic Transmission Exchanger with Flow Meter

Benefits:

- Micro-processor controlled
- Fully -automatic and easy to operate (no valves or flow adjustments to regulate)
- Extremely fast fluid exchange (Approx. 3-10 minutes on most vehicles)
- Sight tubes provide visual confirmation of fluid exchange.
- Allows for quick diagnosis of transmission by reading the Pressure and Flow of transmission fluid in circulate mode.
- Timer included for cleaning cycle completion
- Compact design

Part # **ATS-FI-1**

New feature for all Kenvo transmission flush machines.

Models ATS 300,320E,330E,340E,360E

The fluid injector bottle provides an efficient way to inject cleaners and conditioners into automatic transmissions that are sealed and have no dip-stick options. The canister can be added to any model of transmission flush machine. New or older models.
